

Ben Filer

Age: 36

Hours: 4,250

Aircraft: Extra200

Smoke System: Yes

Current Aerobatic Level: **Advanced / Unlimited**

Living in Malmo & Current Aerobatic Flying Instructor at **Roskilde Airport.**

Whats different about this Display?

- Once the display is completed, I will be available all day via a static display on the Apron. Here you can offer the public Aerobatic Flights at Roskilde Airport, for those adrenaline focused customers, to return at a future date. This literally gives the public the opportunity to experience what its like to fly in an aerobatic aircraft.

Qualifications: I have a full ATPL for EASA and CAA, I am a fully qualified Aerobatic endorsed flying instructor.

Routine:

- A high energy routine, designed by display pilots, a mixture of:
- A & B Axis
- Spins
- Rolls
- Tumbles
- Mulleroid
- Stall Turns
- Inverted Multiple Turn Spins
